If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work)*

Mack Energy Corporation has plugged and abandoned the Carper Federal #2, but the tank battery on the Carper Federal #2 location is still in use by the remaining Carper Federal wells. Please close out the Carper Federal #2 file for P & A and leave the location as a tank battery site. Also, as a reminder, Mack Energy has sold the Carper Federal Lease to Webb Oil Company effective 01/01/98.
