New Mexico

Gentlemen:

We are in receipt of forms C-103, C-104, and C-105 on the above-captioned well. We are returning forms C-103 and request that on each string of casing you indicate the length of time cement was set before drilling out. In the future please submit form C-103 as soon as possible after work is completed.

It will also be necessary for you to submit five (5) copies of form C-110 (Certificate of Compliance and Authorization to Transport Oil and Natural Gas). Form C-110 should accompany form C-104. In addition please file one (1) additional copy of form C-105. Wells on state land require six (6) copies of form C-105.

Please submit the above forms to this office as soon as possible so that your allowable can be assigned.

Very truly yours,

OIL CONSERVATION COMMISSION
