Re: Newmont Oil Co.

State "R" # 2-E-1650/N, 1030/W in
33-165-31.

C-101 dated June 14, 1961 indicated
this was a re-entry to an old plugged
hole. Would the old hole be a well
drilled by Texas Trading Co. in 1944
& plugged & abandoned in 1951? The footage
location given for this well is 1650/N
& 990/W.
