17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) *

Under 43 CFR 3103.4-2 (no lease expiration problem) Murphy Operating Corporation hereby requests concurrence in permitting the subject lease to be shut-in. Because it is uneconomical to operate these wells until market conditions change and the price of oil rises to the point where it is economical again to operate these leases, we hereby recommend shutting in the lease.

I hereby certify that the foregoing is true and correct
