July 9, 1951

Well No. Fort 4 A is located _____ ft. from SW line and _____ ft. from EW line of sec. 26
26 (Twp. and Rng. No.) 178 (Acres) 278 (Acres) N.M.P.M. (Section)
San Luis Pk (Town) Idaho (County or Subdivision) New Mexico (State or Territory)

The elevation of the derrick floor above sea level is _____ ft.

DETAILS OF WORK

(State nature of and reported depths to objectives; give size, weight, and length of proposed casing; indicate working hole, cementing jobs, and all other important proposed work)

We have abandoned 4A at a total depth of 240 feet, and have plugged back to 127 feet and are using it as a water well.

I understand that display of such work must be approved in writing by the Geological Survey before operations may be commenced.
