

Memo

From
D. S. NUTTER
CHIEF ENGINEER

To. Mr. Armstrong

In reply to your
memo of 11/24/64 regard-
ing the Bell Petr Co Fed,
in J of 17-175-27E and
the dedication of 320 acres.

The rule is not clear
on whether a wild-
cat drilled prior to June
1 can have 320 or not.
A pool designated prior to
June 1 cannot have 320 ex-
cept after a hearing but I
think that in the case of
a wildcat we should per-
mit the operator to dedicate

320 if he so desires and
his work is properly located.
upon creation of a pool
he could definitely dedicate
320 so there's probably no
harm in letting him do
it now.
