Mexico

Gentlemen:

As reports in our file show a pending casinghead gas transporter for the subject well since October, 1964, with no actual connection as of this date, we have crossed off the casinghead gas transporter shown on the enclosed Form C-104.

If and when an actual connection is made, Form C-104 showing this information must be filed.

If there are any questions on this matter, please do not hesitate to call upon me.

Very truly yours,
