Re: Flood Federal Well
1 L 20 17S 27E

Dear Sir:

Application to plug and abandon this well was filed with the U. S. Geological Survey on February 23, 1976. We have not received their okay to plug this well as of this date. However, I talked with Mr. Beekman this a.m., and he verbally gave permission to proceed with plugging and abandonment of this well. He indicated they would send out approval to this office today.

As soon as formal approval is received, we will proceed to plug this well immediately.

Sincerely,

Ray Willis, Vice President
Production
