17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

When well was put on production the well would not sustain production for more than a day, therefore, the well was frac'd as follows on 12-18-72. Killed well with 35 bbls treated water. Installed Halliburton head and treated with 4000 gallons of pad, 10000 gallons MY T FRAC 18000# 20-40 sand and flushed with 17000 gallons of treated water.

Per 7860-77

The well is now producing 1.4 MMCF/DA with a FTP of 1550#.

Before Frac the well was producing 656 MCF/DA.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
