Re: N. G. Phillips-State
#10-G-27-17-28

Attention: Mr. Roberts

Dear Mr. Roberts:

We are returning the enclosed Form C-103 on the subject well for additional information.

The order approving this well for injection states that the tubing be plastic-lined, the casing-tubing annulus be filled with an inert fluid and a pressure gauge be attached to the annulus at the surface.

Please show the required information on said Form C-103; also, show date water injection started.

Very truly yours,

OIL CONSERVATION COMMISSION

W. A. Gressett
