Re: Request For Off-Lease Storage
State Federal Gas COM No. 1

New Mexico Oil Conservation Commission
Drawer DD
Artesia, New Mexico, 88210

Gentlemen:

Pending final well evaluation and submission of a formal application for "Off-Lease Storage" we are submitting this request for temporary permission to store off the lease any condensate production that might be produced in evaluating the State Federal Gas COM Well No. 1, located in Unit E, Section 28, T-17S, R-28E, Empire Penn Gas Pool (extension) Eddy County, New Mexico.

Final arrangements are being made for both a temporary and permanent gas sales outlet. Suitable and adequate tank battery facilities are available and intact at the State "B" Gas COM battery site located in Unit J, Section 29, T-17S, R-28E. This utilization will eliminate any costs necessary for any new tank battery construction. Production will not be commingled.

Your earliest consideration of this request shall be appreciated.

~~Yours~~ very truly,

V. E. STALEY
Area Superintendent
