Gentlemen:

Enclosed are two approved copies of communitization agreement No. Com. Agr.-SW-897 involving 122.43 acres of land in Federal lease New Mexico 14477 and 202.50 acres of State land, Eddy County, New Mexico, comprising a 324.93-acre well spacing unit.

The agreement communitizes all rights as to dry gas and associated liquid hydrocarbons producible from the Mesquite Formation in lots 1 and 2, E1/4, sec. 19, T. 16 S., R. 28 E., N.M.P.M., and is effective as of May 1, 1974.

The description of Tract 1 in Exhibit A of your application should be changed to reflect the correct acreage of 122.43 acres, which will increase Tract 1 participation in this communitization to 37.4908% and decrease Tract 2 participation to 62.5091%. Please note your records accordingly.

Your check No. 127 in the amount of ten dollars made out to the United States Geological Survey to cover filing of this communitization agreement is not required, and is returned herewith.

You are requested to furnish all interested principals with appropriate evidence of this approval.

Sincerely yours,

CARL C. TRAYWICK
