

INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Commission not later than 20 days after the completion of any newly-drilled oil or gas well. It shall be accompanied by one copy of all electric and magnetic logs run on the well and a summary of all special tests conducted, including all steam tests. All depths reported shall be measured depths. In the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completions, Items 30 through 34 shall be reported for each zone. The form is to be filed in quadruplicate except on state lands, where six copies are required. See Rule 1135.
