

OPERATORS DRILLING PLAN

(For U.S. Geological Survey)

1. Surface Casing

10 3/4" 32.74# 150+ H-40 new

2. Casingheads, Flanges & Spools

10" 2000 psi WP csg. head
10" 2000 psi WP csg. spool
2000 psi WP flanges, valves, and flow tees.

3. Intermediate Casing

7" 20# 1125'± K-55 used

4. Blowout Preventors

10" 900 2000 psi Double Hyd

Necessary fill, kill, and choke lines to insure complete control and safety.

5. Auxiliary Equipment

- a. Kelly Cork
- b. Stabbing Valve
- c. Additional items as needed.

6. Maximum Expected Pressures

_____ 675 psi _____ at _____ TD _____
_____ at _____

7. Drilling Fluid Type

Water base
