

## INSTRUCTIONS

This form is to be filed with the appropriate Director. Otherwise, the Director, not later than 20 days after the completion of any newly-drilled or deepened well, it shall be accompanied by one copy of all electrical and resistivity logs run on the well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be in more depth. In the case of directionally drilled wells, true vertical depth shall also be reported. For multiple zones, Item 30 through 33 shall be reported for each zone. The form is to be filled in quintuplicate except on state lands where six copies are required. (See Rule 10-6).
