17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

- We propose to put this well in the 12 month shut-in status because the daily oil production is about 1½ bbls. and the water production is 10 bbls. The lifting costs including hauling the water is more than the income at the present price of oil.
- We will leave all equipment on the well and maintain the tank battery. We will sell the oil down to pipe line connection.
