

will be removed. Pits will be filled and the location cleaned of all trash and junk, so as to leave the wellsite in as aesthetically pleasing a condition as possible.

- B. Any unguarded pits containing fluids will be fenced until they have been filled.
- C. If the proposed well is non-productive, all rehabilitation and/or re-vegetation requirements of the Bureau of Land Management and the United States Geological Survey will be complied with and will be accomplished as expeditiously as possible. All pits will be filled and leveled within 90 days after abandonment.

11. GENERAL INFORMATION.

- A. Topography: The proposed wellsite is located in a relatively level area, with only very minor surface undulations.
- B. The topsoil at the wellsite is moderately soft sandy loam.
- C. Flora and fauna: The vegetation cover at the wellsite varies from sparse to moderately heavy. There is considerable mesquite in the area, along with snake weed, miscellaneous prairie weeds and flowers, and a very few cactus plants. Wildlife observed in the general area included antelope, rabbit and lizards, and there were evidences of deer and badgers. The area is used for cattle grazing.
- D. There are no ponds, lakes, streams or rivers in the immediate vicinity of the wellsite.
- E. The nearest dwelling and windmill are located approximately two miles north of the proposed wellsite.
- F. The wellsite is on federally owned surface. The access route to the location is on federally owned surface, with the exception of a portion of the existing road on State owned surface in Section 2.
- G. There is no evidence of any archeological, historical or cultural sites in the area of the wellsite. An archeological survey has been conducted by the Agency for Conservation Archaeology, Eastern New Mexico University, Portales, New Mexico.

12. OPERATOR'S REPRESENTATIVES.

- A. The Mesa Petroleum Co. representatives responsible for assuring compliance with the approved surface use and operations plan are:

J. W. Hart
P. O. Box 1756
Hobbs, New Mexico 88240
