Re: Catclaw State #1
Sec. 31-17S-24E

Charlotte Van Valkenburg:

In regard to your request for exception to packer leakage test requirements for the subject well.

Exceptions can not be granted due to economic hardship. Since only the Morrow zone is producing, the packer leakage test would consist of shutting the well in one day, and flowing one side the next day. This should provide sufficient information as to the integrity of the packer.

Sincerely,

A handwritten signature in cursive script, appearing to read "Mike Williams".

Mike Williams
Supervisor, District II
