

9. Well Site Layout: See exhibit #C

10. Plans for Restoration of the Surface: If well is plugged, all
pits will be closed, location and road will ripped and leveled.
Anchors will be cut off 36" below surface level.

11. Other Information: The area of this road and location has
native grass, sand hills and mesquite.

12. Lessee's or Operator's Representative:

William N. Morgan

- Business Phone: 748-2194
Home Phone: 748-2325
13. Certification:

I hereby certify that I, or persons under my direct supervision, have inspected the proposed drillsite and access route: that I am familiar with the conditions which presently exist: that the statements made in this plan are, to the best of my knowledge, true and correct: and, that the work associated with the operations proposed herein will be performed by Sweatt Construction and its contractors and sub-contractors in conformance with this plan and the terms and conditions under which it is approved.
