**RE: YATES FED COM #1Y  
SECTION 20, T17S-R27E  
EDDY COUNTY, NM.**

Dear Sir or Madam:

I received a call from the NMOCD yesterday requesting a Form 3160-5 Sundry Notice clarifying the producing zone in the referenced well. Examination of the Well File produced a Sundry Notice prepared by Mesa Petroleum Co. who was operator at the time describing the down hole status of the well as of April 1983. No work or changes have been made to the well since then. It appears the form was submitted but never approved by the BLM or OCD.

I have prepared a new Form 3160-5 describing the same information reported in 1983 and which still represents the down hole status. Please let me know if you need any further information.

Very truly yours,

**MURCHISON OIL & GAS, INC.**
