

This form is to be filled with the appropriate formation names in the well and a summary of all special tests conducted. It shall be accompanied by a copy of all electrical and log activity logs. In the case of conventionally drilled wells, true vertical depth shall also be reported. For multiple completions, Items 30 through 34 shall be reported for each zone. The form is to be filed in quieting file except on state land, where any copies are required, see Rule 1135.
