Eddy County, New Mexico

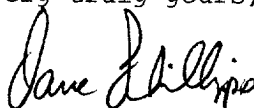

Dear Mr. Gressett:

Attached as requested in your letter dated December 27, 1979, are corrected Forms C-103 for the above captioned well.

The 6 hour WOC time is in error on the previously filed forms. This 6 hours refers to the time waited before casing was cut off and nipping up was commenced. Actual WOC time before drilling out was 18 hours.

If further information is needed, please advise.

Very truly yours,

Dave Phillips  
District Drilling Engineer
