Gentlemen:

We are returning the enclosed Forms C-103 and C-105 on the subject well for additional information.

On Form C-103, please show the footage of each weight of 5 1/2" casing, all perms treatment, and the bridge plugs that were set.

On Form C-105, under line #24, show only the effective producing interval of this completion, detail the perforations under line #31, show the water flow that was encountered under Important Water Sands and submit the DST information.

Further, please submit Form C-103, setting and cementing the 8 5/8" intermediate casing with all of the required information, including the water flow and a copy of the temperature survey.

If you have any questions concerning this matter, please feel free to contact me.

Sincerely,

W. A. Gressett
Supervisor, District II
