Re; Well Plugging;

Dear Rand;

We recommend the following list of wells be plugged to protect fresh waters of the state of New Mexico, the environment and correlative rights in the area.

This operator was contacted by mail October, 1996 and ask for 60 days to evaluate the wells and was granted this time. He did nothing to comply and the second letter went out in May, 1997 and the operator again ask for more time and Tim Gum granted another 60 days until August 15, 1997. We have heard nothing else from him at the writing of this letter.

Yours truly,

Ray Smith
