Dear Mr. Bliss:

This letter will continue correspondence under above subject ending with your letter of March 15, 1983.

The Bill of Sale has been corrected to show the proper title for Riverside Water Users Cooperative Association and is attached hereto in duplicate. The instrument has been executed by Amoco and upon execution by Riverside, please return a copy to complete our files.

We have subsequently received and attached a letter from Mr. Leslie A. Clements, Supervisor, District II, of the State of New Mexico Energy and Minerals Department, Oil Conservation Division, furnishing an "Affidavit of Responsibility - Conversion to Water Well", to be completed by the operator.

Since Riverside Water Users Cooperative Association is now the operator of the converted fresh water source well, it is our opinion this affidavit should be completed by them and handled directly with the New Mexico Oil Conservation Commission.

Mr. Kevin Bliss
March 28, 1983

We would appreciate your assistance in concluding this matter with Riverside and thank you for your cooperation.

Yours truly,

R E Ogden
