

historical or cultural sites. There are no steep hillsides or gullies in the area where road and drilling pad are to be constructed, and no drainage or erosion problems should be encountered. Road and pit construction will require little change other than blading and spreading caliche. Wildlife in the area is typical semi-arid natives, numbers of all are considerably less than average across most of this country. The only structure in the area is a windmill 1 mile northwest.

12. Operators representative is B. N. Muncy, Jr., P. O. Box 196, Artesia, New Mexico 88210. Telephone number (505) 746-6651.
13. I hereby certify that I, or persons under my direct supervision, have inspected the proposed drill site and access route; that I'm familiar with the conditions which presently exist; that the statements made in this plan are, to the best of my knowledge, true and correct and that the work assisted with the operations proposed herein will be performed by LaRue and Muncy and its contractors and sub-contractors in conformity with this plan and the terms and conditions under which it is approved.
