Midland, TX 79701

Gentlemen,

A recent field inspection of the Exxon State Com #1 located in Ut.O 12-16-28 showed that P & A cleanup work has not been completed as indicated on the attached form.

The inspection revealed cellar open, deadmen uncut, reserve pit cut and not leveled.

Please notify this office when work has been performed and location is ready for reinspection.

Sincerely,

Mike Williams
Oil & Gas Inspector
