Re: Case No. 12435  
Application of the New Mexico Oil Conservation Division for an order requiring  
Red Lake Oil Company to plug one well in Eddy County, New Mexico

Dear Sir or Madam:

This letter is to advise you that the New Mexico Oil Conservation Division has filed the enclosed application for a hearing requiring Red Lake Oil Company and other interested parties to appear and show cause why certain wells should not be ordered plugged and abandoned.

This application has been set for hearing before an Examiner of the Oil Conservation Division on the June 15, 2000. You are not required to attend this hearing, but as owner of an interest that may be affected by an order issued in this case, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B, enclosed, to file a Prehearing Statement three days in advance of the hearing.

Best regards,

Marilyn S. Hebert  
Attorney

c: Tim Gum, District Supervisor  
Mike Stubblefield, OCD Artesia

**APPLICATION OF THE NEW MEXICO OIL CONSERVATION DIVISION  
THROUGH THE SUPERVISOR OF DISTRICT II FOR AN ORDER REQUIRING  
RED LAKE OIL COMPANY TO PROPERLY PLUG ONE WELL IN EDDY COUNTY,  
NEW MEXICO, AUTHORIZING THE DIVISION TO PLUG SAID WELL, AND  
ORDERING A FORFEITURE OF THE PLUGGING BOND, IF ANY.**

CASE NO. 12435

**APPLICATION FOR PLUGGING AND FORFEITURE OF BOND**

1. Red Lake Oil Company ("Operator") is the operator of the following well in Eddy County, New Mexico: the Welch State No. 1 located in Unit J, 1750 feet from the South line and 1650 feet from the East line in Section 28, Township 17 South, Range 28 East.
2. Operator has posted a cash bond in the amount of \$5,000.00 for the above-listed well in compliance with NMSA 1978, § 70-2-14 and Rule 101 of the Rules of the Oil Conservation Division ("Division"), which bond is conditioned upon compliance with the statutes of the State of New Mexico and the Rules of the Division with respect to the proper plugging and abandonment of wells operated by Operator. The First Interstate Bank of Santa Fe, N.A. is the financial institution that holds the cash bond.
3. The subject well has not produced hydrocarbon or carbon dioxide substance or has otherwise been inactive for more than one year or is no longer usable for beneficial purposes and no permit for temporary abandonment has been requested by the Operator or approved by the Division.
4. By virtue of the failure to use the well for beneficial purposes or to have approved a current temporary abandonment permit, the well is presumed to have been abandoned and is required to be plugged.

5. By authority of NMSA 1978, § 70-2-14, the Rules of the Division require wells that are inactive for more than one year or are no longer usable for beneficial purposes to be properly plugged.

6. Demand has been made or attempted to be made upon the Operator either to place the subject well to beneficial use, obtain approval for temporary abandonment or properly plug and abandon the same, and the Operator has failed to do so.

WHEREFORE, the Supervisor of District II of the Oil Conservation Division applies to the Director to enter an order:

A. Determining the well should be plugged in accordance with a Division-approved plugging program.

B. Upon a determination that the well should be plugged, directing Operator to plug the well.

C. Further ordering that if Operator fails to plug and abandon the well as ordered by the Director, that the Division be authorized: i. to plug the well; ii. to declare forfeit on the bond, if any, and to take such action to foreclose on the bond; and iii. to recover from the Operator any costs of plugging the well in excess of the amount of the bond, if any.

D. For such other and further relief as the Division deems just and proper, including the assessment of fines.

RESPECTFULLY SUBMITTED,

Marilyn S. Hebert, Attorney
