RE: Application for Commingling
Federal "R" #1 Well
S/2 of Section 17-T17S-R27E
Eddy County, New Mexico

Mr. Catanach:

Chevron U.S.A., Inc., as an offset operator or offset unleased mineral owner, had been advised of Mewbourne Oil Company's intent to commingle the Morrow and Atoka formations for gas and associated liquid hydrocarbons in the above referenced well at a location of 660' FSL and 1190' FWL of Section 17, T17S, R27E, Eddy County, New Mexico.

This letter is to advise that Chevron U.S.A., Inc. has no objection to the granting of a permit to commingle the Morrow and Atoka formations as proposed and hereby waives objection and notice of hearing on this application.

Sincerely,

MEWBOURNE OIL COMPANY

Monty L. Whetstone
