13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Santa Fe Energy Resources, Inc. respectfully requests that this well be given a one year extension of its current shut-in status. The well is completed and capable of production, however it is currently uneconomic to connect to pipeline.

Santa Fe continues to evaluate the viability of further field development in this area. An additional well is planned when gas prices increase.
