Medallion Production Company
Lewis "19" Well No. 1
Sec. 19, T-17S R-26-E
1980FSL/1980FWL
Eddy County, New Mexico

The above described well and its location lies in close proximity to the city limits boundary of Artesia, New Mexico. This letter is to note to the general public and to be kept in our files that the City of Artesia has been notified by our office Medallion's intent to drill this well. A faxed copy of the Permit to Drill was sent on August 16, 1995 to a Virgil Vaques employed by the City of Artesia. Virgil expressed to me that with the well lying outside the city limit boundary, that there would be no objection from their office in the drilling and completion of this well.

Bryan Arrant
