Attention: Mr. Dean Chumbley

Re: Form C-107-A  
Samedan State No. 2

Dear Mr. Chumbley:

I have reviewed your application to downhole commingle Artesia Queen-Grayburg-San Andres and Artesia Glorieta-Yeso Pool production within the Samedan State Well No. 2. Your application appears to qualify for approval, however, your proposed allocation of production does not contain any supporting data. It appears that the Artesia Qn-Gb-SA Pool has not been perforated in the well, therefore, no production data is available?

Please submit additional data to support the proposed allocation of production. Your application will be processed upon receipt of such data. If you should have any questions, please contact me at (505) 827-8184.

Sincerely,

  
David Catanach  
Engineer
