13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration there. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zone. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed or testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

We propose to blade the road and location as it will not disturb the terrain as much as caliche, but in the event that we do make a producing well, we will caliche the road and location.

We would like to waive the stipulation for plastic lined pits. The cuttings from the air rig will rupture the plastic, and the pits will not contain any contaminants with the air rig, as per conversation with Jim Amos.
