

16. Management Summary (Recommendations):

During the survey, one isolated find was encountered. It's research potential has been exhausted through field recordation. **Therefore, archaeological clearance is recommended for the Devon SFS Operating, Inc. proposed Eagle "34" Federal Number 33 well location, with no stipulations.**

I certify the information provided above is correct and accurate and meets all appreciable BLM standards.

Responsible Archaeologist: Signature

Joe Ben Sanders
Principal Investigator

Date: February 28, 2001

The above completes a negative report. If eligible of potentially eligible properties are involved, then the above will be the title page and abstract for a complete report
