List Sites within 25 miles of Project: None

Show sites within 500' on Project Map

b. Description of Undertaking:

The project is the relocation of a well pad. This pad was originally surveyed of 2-12-01 and was relocated in order to avoid a playa. The pad was moved 330' south. The access road will also extend south 330'. Only the impact footages for the road will change as all of the additional footages are within the boundary of the former and current pad locations.

c. Environmental Setting (NRCS soil designation; vegetative community; etc.):

NA

d. Field Methods:

For the pad, a grid of parallel transects spaced fifteen meters or less.

15. Cultural Resource Findings:

a. Identification and description

None

16. Management Summary (Recommendations):

Archaeological clearance for OXY USA's relocation of a proposed pad for the Shania Bull Fed. Well No. 1 in Section 7, T17S, R28E, NMPM, EDDY County, New Mexico as presently staked is recommended. The BLM should be notified immediately if any cultural resources are encountered at any time.

I certify that the information provided above is correct and accurate and meets all appreciable BLM standards.

Responsible Archaeologist
