Re: Well Signs

Dear Mr. Fulton:

On September 10, 1968, an inspection was made of your Dublin Federal and Gulf B State leases in Section 3-17-29. This inspection revealed that the Dublin Federal Well No. 1 C had no well sign and that the Gulf B State well No. 1 D had an incorrect well sign.

Please have correct signs made and placed at these wells as required.

These leases and, the Dublin State lease, will be inspected for well signs after 30 days. Failure to post the required signs may result in loss of allowable.

Very truly yours,

Re: Well Signs

Dear Mr. Tolson:

On September 10, 1966, an inspection was made of your Well  
Signs and a State license in Section 3-17-52. This license  
then revealed that the Public Water Well No. 1 had no well  
sign and that the Gulf State Well No. 1 had an incorrect well  
sign.

Please have correct signs made and placed at these wells as  
soon as possible.

These license and the public water license, with the necessary  
well signs, should be ready in 30 days. Failure to post the required signs  
will result in loss of license.

Very truly yours,
