Dear Sir:

On your Dublin State #1, this office received a Form C-103, stating your intentions to clean out to total depth and fracture the well, dated October 19, 1976. We approved this on October 20, 1976.

Your Dublin State #4 had a Form C-103 filed with this office on March 4, 1977 stating you had run 422' of 8 5/8" casing and cemented with 75 sacks of cement. We approved this C-103 on March 8, 1977.

Would you please file all subsequent reports since these reports on these two wells as soon as possible.

Sincerely yours,

Mike B. Williams
