Re: Request for Allowable

Gentlemen:

We are in receipt of Form C-127 requesting top allowable for the Shipley Federal No. 1 & 2 in the Square Lake Pool. The request was for top allowable, however, the remark "Pump being repaired at present" indicates that no repair work had as yet been finished.

Normally no allowable will be assigned until the work has been completed and an accurate test of the wells capacity has been taken.

When these wells have been tested please file Form C-127 requesting an allowable in line with the tests.

Very truly yours,

OIL CONSERVATION COMMISSION
