Re: Jones State No. 1-4-17-29, Unit N
Jones State No. 2-4-17-29, Unit F

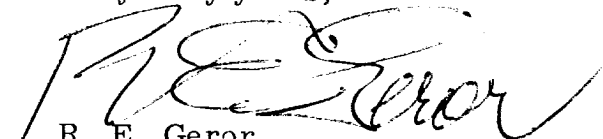

Gentlemen:

We have received a request (copy enclosed) to change the pool designation for the Jones State No. 1 to the Cave Pool. We are in agreement and have attached herewith the C-110 requested.

The Jones No. 1 and No. 2 have a common tank battery located on Unit N and therefore have enclosed Form C-110 changing Jones No. 2 to the Cave Pool.

Presently both wells are listed in the proration book as undesignated.

Very truly yours,

R. E. Geror
President
