NOTICE OF INTENTION TO ABANDON WELL <u>San Rafael</u> <u>17</u> <u>X</u>	

(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

August 21, 1962

Well No. Root 3 is located 221 ft. from N line and 290 ft. from E line of sec. 1234/34/4 Sec. 12
(1/4 Sec. and Sec. No.)173
(Twp.)22E
(Range)14PM
(Meridian)Square Lake
(Field)2447
(County or Subdivision)San Rafael
(State or Territory)The elevation of the derrick floor above sea level is 3644 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

This well was drilled to a depth of 2542 feet. The well has a small show of oil 2422 to 2525, a little gas at 2550. It is now believed that an attempt will be made ~~within~~ with in this year to complete the well as a producer and if that fails, will then plan to use it as a water injection well in order to repressure other near by wells.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
