(Address)

LEASE Humble State WELL NO. 5 UNIT D / S 20 T 17S R 29 E
DATE WORK PERFORMED _____ POOL Grayburg-Jackson

This is a Report of: (Check appropriate block) ☐ Results of Test of Casing Shut-off
☐ Beginning Drilling Operations ☐ Remedial Work
☒ Plugging ☐ Other _____

Detailed account of work done, nature and quantity of materials used and results obtained.
On 2-7-57 we ran 412 feet of 8 5/8" casing in this well and on 2-8-57 we cemented same with 50 sacks of cement since we did not get a water shutoff by landing the casing. We drilled the well to 2,455 feet without encountering oil or gas in commercial quantities. We plugged the well 3-13-57 as follows: We put a plug of 10 sacks of cement in the bottom; filled with mud and put a plug of 10 sacks of cement at 700 feet; knocked the 8 5/8" casing off at 212 feet and pulled same; filled hole with mud and put a plug of 10 sacks of cement in the top of the pipe left in the hole; filled with mud to surface; cemented the cellar; put up regulation marker and cleaned up location.
