Gentlemen:

Mr. Gary Howell with Tenneco Oil Company recently called your office to get copies of Form C-105 on wells we did not have in our files.

Your office could not locate Grayburg-Jackson West Coop Unit Well #38 copy of the C-105. Is the enclosure a copy of the C-105 when the above mentioned well was drilled? This well was not drilled by Tenneco Oil Company and sometime later was put into the unit and given a new well number.

If this is not the C-105 needed for this well, we will send in a C-105 as suggested to Mr. Howell.

Very truly yours,

TENNECO OIL COMPANY

Enclosure

7-6-79: We have the Form C-105 that was submitted by El Paso Natural Gas Co. The one we don't have should have been submitted by Tenneco when the well was completed as a producer in the Grayburg-Jackson Pool.
