RE: Leonard & Levers State # 4 30-015-03027 SE/SW-21-17-29

Dear Mr. Brooks,

This well is Shut in. The last thing in the file shows the well was P&A in 1948. Leonard & Levers are no longer a viable operator. The well is not listed in RBDMS or ONGARD. Long story short, this is an orphan well for us to plug.
