Re: L.C. 028731-A

Gentlemen:

Receipt is acknowledged of your "Notice of Intention to Drill Deeper" your No. 5-A Dodd well on the subject land in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, section 22, T. 17S., R. 29E., Grayburg-Jackson Field, Eddy County, New Mexico.

The attached application is approved as of this date under the following conditions:

1. Furnish the U. S. Geological Survey with a sample description log from the present total depth to the new total depth.
2. Submit separate sundry notices to shoot or acidize.
3. Submit a subsequent report of drilling deeper together with a log on form 9-330 after adequate production tests have been made.

Yours very truly

John A. Frost
JOHN A. FROST
District Engineer
