Re: Las Cruces 028784(c)

Gentlemen:

Receipt is acknowledged of your "Notice of Intention to Drill" dated June 22, 1943 covering Lease No. 403 on the subject land in T2S, R9E, S29E. Your outline details of proposed work as follows:

"Propose to set approximately 475 ft. of 8" casing, at the top of the Salt, and will cement with 50 sacks of cement and heavy mud to top.

Will set approximately 2350 ft. of 7" O.G. casing and will cement with 100 sacks of cement and heavy mud to top.

Total depth of well will be approximately 3125'.

Well to be drilled by Western Production Company and a No. 5 National Machine and Cable Tools will be used to total depth."

Your proposed work is hereby approved subject to compliance with the provisions of Section 2 of the "Oil and Gas Operating Regulations", attached herewith. A duplicate copy of which will be sent you on request.

See attached sheet for general and special conditions.

Records and written notices relating to these well operations must be submitted to this office in accordance with Section 5 of said operating regulations. Any proposed change or detail of the work outlined above must be submitted to this office on Form G-17a in triplicate and approved by this office before such work is commenced.

Very truly yours,

J. C. Vandeventer
JOHN A. VANDEVENTER, District Engineer,
for Supervisor, Oil and Gas Operations.
