Re: Eddy State "DF" Well No. 1,  
Unit L, Section 28, 17-S,  
29-E, Eddy County, New  
Mexico.

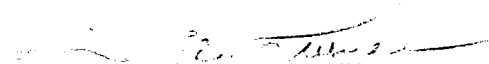

Dear Sir:

Pursuant to your telephone inquiry of this date concerning the above well, Gulf did drill this well to a total depth of 6273'. The well was not productive and was plugged from total depth to 4000'. Leonard Oil Company owned the rights to 4000' so the well reverted back to them at this depth.

It is our understanding that Tenneco Oil Company, Box 1031, Midland, Texas, subsequently bought out Leonard Oil Company. If this is the case, it is our belief that Tenneco Oil Company should make final disposition of this well.

If this does not meet with your approval, please advise.

Yours truly,

C. D. BORLAND
