17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed						1		

The above well was shut-in on October 1, 1973. This well was shut in because it is a high GOR well. Allowable transferred under NMOCC Orders R-4548, R-4549, R-4549A, R-4549B. Holding for secondary recovery and as a pressure observation well. The status of this well is subject to change as the producing characteristics of the unitized area changes. No estimated date of change. This well is a part of the Empire Abo Pressure Maintenance Project per OCC Order No. R-4548, R-4549 & as amended. Request an extension of present status.
