Re: Contract No. 10664 - Contract
for Development - C. L. East,
Eddy County, New Mexico
Continental L-50711 (State of
New Mexico E-4201)

Gentlemen:

Would you please advise me whether or not the C. L. East No. 1-A State Continental well located 990' FSL and ~~890'~~^{888'} FEL of Section 33, T17S-R29E, Eddy County, New Mexico, has been properly plugged and abandoned. This test, drilled on a Continental farmout, spudded October 16, 1959 and, the last report we had, was carried as temporarily abandoned.

Inasmuch as we are rather anxious to clear this matter from our records, we would appreciate any information you can give us regarding the completion of this well.

Yours very truly,

J. E. Floyd
