Mr. R. J. Heard  
Vice President,  
Grayburg Oil Co. of New Mexico  
Box 416  
Loco Hills, New Mexico

Dear Jewel:

I am returning your Form C-102 on your State No 2B in the NE NW of 36-17-29. Although I know the correct section, township and range for this well, in order to keep all of our office records straight, I would like to have you re-submit the notice.

Yours truly,

*William B. Macey*  
WILLIAM B. MACEY  
Petroleum Engineer

MISCELLANEOUS NOTICES

ORIGINAL

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any conditions considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Place

Date

OIL CONSERVATION COMMISSION,  
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the Grayburg Oil Company of  
New Mexico State #4458 Well No. 2 B in NE 1/4 NW 1/4  
Company or Operator of Sec. 36 T. 17 R. 23, N. M. P. M., Loco Hills Field,  
County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

Present daily potential of this well is approximately 60 barrels of fluid per day, cutting about 14% water. Due to the water condition well has a tendency to load up and die, thus, we propose to make an Olsoo closed system, intermittent gas lift installation on this well.

Gas for gas lifting purposes to be obtained from the Grayburg Unit Association.

Approved FEB 19 1947  
except as follows:

19

Grayburg Oil Company of New Mexico

Company or Operator

Title

Office of Education, Bureau of  
Post Office, Washington, D.C.  
June 10, 1941

Dear Sirs:  
The following information is being furnished to you for your information.  
The Bureau of Education is currently conducting a study of the  
educational needs of the Negro population in the United States.  
The study is being conducted in order to determine the extent of  
educational deprivation and to develop effective methods of  
improving educational opportunities for the Negro population.  
The study is being conducted in cooperation with the National  
Association of Negro College Students and the National Negro  
Labor Council. The study is being conducted in order to determine  
the extent of educational deprivation and to develop effective  
methods of improving educational opportunities for the Negro  
population. The study is being conducted in cooperation with the  
National Association of Negro College Students and the National  
Negro Labor Council.

Very truly yours,  
Director  
Bureau of Education  
U.S. Department of the Interior  
Washington, D.C.
