DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

We propose, under Water Flood Agreement, to re-enter the above Temporary Abandoned well, clean out to approx. 3170' T.D. and equip to active producing status.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Company **Ambassador Oil Corporation**
